**Footnotes:**

(a) Following are the standard installation rates as of April 5 and September 1, 1993.

	<u>4/5/93</u>	<u>9/1/93</u>
Prewired	\$30.00	\$23.43
Unwired	\$30.00	\$58.56

It has been our business practice to offer promotional installation rates to subscribers. For March 1993, our total installation revenue, which includes unwired and prewired homes, custom installations and upgrades/downgrades to unregulated and regulated services was \$85,020. The volume of installation activity for March 1993 was 2,887 prewired homes and 854 unwired homes. At this time, we are unable to determine the volume of installation activity for September 1993. The monthly average installation activity through August 1993 is 3,021 prewired homes and 910 unwired homes. Installation revenue has averaged \$88,605 per month.

- (b) We are unable to determine the volume of activity for changes in regulated services for March 1993 or September 1993.
- (c) Effective September 1, 1993, an optional inside wire maintenance plan is available to subscribers at a monthly charge of \$.28. It is not required to subscribe to this plan to receive any level of regulated service.
- (d) Remotes are not required to receive any level of regulated services. The September 1993 charge for a remote is \$.48. There are 251,797 remote control units in 152,998 households as of September 1, 1993.
- (e) Franchise fees are charged at 5% of a subscriber's bill for services and equipment. The amount of franchise fees paid by each subscriber varies based on the level of services and equipment.
- (f) Total billed and projected monthly revenues for regulated services and equipment are as follows:

(000's)	<u>Actual</u> <u>March 1993</u>	<u>Projected</u> <u>Sept 1993</u>
Regulated Services	\$3,740	\$2,878

**Footnotes:**

(a) Following are the standard installation rates as of April 5 and September 1, 1993.

	4/5/93	9/1/93
Prewired	\$50.00	\$30.84
Unwired	\$50.00	\$55.51

It has been our business practice to offer promotional installation rates to subscribers. For March 1993, our total installation revenue, which includes unwired and prewired homes, custom installations and upgrades/downgrades to unregulated and regulated services was approximately \$7,300. The volume of installation activity for March 1993 was approximately 430 prewired homes and 60 unwired homes. At this time, we are unable to determine the volume of installation activity for September 1993. The monthly average installation activity through August 1993 is approximately 470 prewired homes and 100 unwired homes. Installation revenue has averaged approximately \$8,400 per month.

- (b) We are unable to determine the volume of activity for changes in regulated services for March 1993 or September 1993.
- (c) Effective September 1, 1993, an optional inside wire maintenance plan is available to subscribers at a monthly charge of \$.41. It is not required to subscribe to this plan to receive any level of regulated service.
- (d) Remotes are not required to receive any level of regulated services. The March and September 1993 charges for a remote are \$5.00 and \$.31, respectively. There are 5,429 remote control units as of March 31, 1993 and 5,149 remote control units as of September 1, 1993.
- (e) At September 1, 1993, franchise fees are charged at 5.23% of a subscriber's bill for services and equipment. The amount of franchise fees paid by each subscriber varies based on the level of services and equipment. The charge at April 5, 1993 was 2%.
- (f) Total billed and projected monthly revenues for regulated services and equipment are as follows:

# To All Storer Cable Customers

New federal regulations governing cable rates take effect September 1, 1993. As a result, your cable bill will look different and the total amount you pay for cable TV service may change. Federal law now regulates most cable rates and charges except for programming offered on a per-program (such as pay-per-view) or per-channel basis. Examples of per-channel programming are premium services like HBO and SHOWTIME and any other cable channels available individually. Your monthly bill will now list charges separately for programming, equipment and service calls.

New Storer rates are listed below. Depending on the services you choose, your total bill may be more, less, or about the same as you pay now. Because of the formulas required to calculate the rates, a cable system may have more than one rate for the different areas it serves.

It has been our business practice to offer promotional installation rates to subscribers. For March 1993, our total installation revenue, which includes unwired and prewired homes, custom installations and upgrades/downgrades to unregulated and regulated services was approximately \$10,800. The volume of installation activity for March 1993 was approximately 300 prewired homes and 70 unwired homes. At this time, we are unable to determine the volume of installation activity for September 1993. The monthly average installation activity through August 1993 is approximately 400 prewired homes and 100 unwired homes. Installation revenue has averaged approximately \$10,600 per month.

- (b) We are unable to determine the volume of activity for changes in regulated services for March 1993 or September 1993.
- (c) Effective September 1, 1993, an optional inside wire maintenance plan is available to subscribers at a monthly charge of \$.38. It is not required to subscribe to this plan to receive any level of regulated service.
- (d) Remotes are not required to receive any level of regulated services. The March and September 1993 charges for a remote are \$4.50 and \$.29, respectively. There are 3,184 remote control units in 3,152 households as of March 31, 1993 and 3,238 remote control units in 3,206 households as of September 1, 1993.

## To All Comcast Cable Customers

New federal regulations governing cable rates take effect Sept. 1, 1993. As a result, your cable bill will look different and the total amount you pay for cable TV service may change. Federal law now regulates most cable rates and charges except for programming offered on a per-program (such as pay-per-view) or per-channel basis. Examples of per-channel programming are premium services like HBO and SHOWTIME and any other cable channels available individually. Your monthly bill will now list charges separately for programming, equipment and service calls.

New Comcast rates are listed below. Depending on the services you choose, your total bill may be more, less, or about the same as you pay now. Because of the formulas required to calculate the rates, a cable system may have more than one rate for the different areas it serves.

**Footnotes:**

(a) Following are the standard installation rates as of April 5 and September 1, 1993.

	4/5/93	9/1/93
Prewired	\$49.95	\$32.14
Unwired	\$49.95	\$64.28

It has been our business practice to offer promotional installation rates to subscribers. For March 1993, our total installation revenue, which includes unwired and prewired homes, custom installations and upgrades/downgrades to unregulated and regulated services was \$41,565. The volume of installation activity for March 1993 was approximately 2,000 prewired homes and 260 unwired homes. At this time, we are unable to determine the volume of installation activity for September 1993. The monthly average installation activity through August 1993 is approximately 2,000 prewired homes and 340 unwired homes. Installation revenue has averaged \$50,876 per month.

- (b) We are unable to determine the volume of activity for changes in regulated services for March 1993 or September 1993.
- (c) Effective September 1, 1993, an optional inside wire maintenance plan is available to subscribers at a monthly charge of \$.43. It is not required to subscribe to this plan to receive any level of regulated service.
- (d) Remotes are not required to receive any level of regulated services. The March and September 1993 charges for a remote are \$4.95 and \$.55, respectively. There are 19,347 remote control units in 16,361 households as of March 31, 1993 and 17,985 remote control units in 15,290 households as of September 1, 1993.
- (e) Franchise fees are charged at 5.25% of a subscriber's bill for all services and equipment. The amount of franchise fees paid by each subscriber varies based on the level of services and equipment. The charge at 4/5/93 was 5%.
- (f) Total billed and projected monthly revenues for regulated services and equipment are as follows:

(000's)	Actual March 1993	Projected Sept 1993
Regulated Services	\$1,827	\$1,610
Converter	0	126
